

ACCESSIBILITY/SENSORY MAP

All spaces may be crowded and noisy. Areas prone to noise, smells, quiet, and inclines are noted below. Water Matters Pavilion has automated videos. Most exhibits have motion sensor lights. The live animal exhibit trail (dark green) is hard packed gravel. Hiking trails (light green) are uneven terrain.

Sensory/ Accessibility Key

- Noisy or Crowded
- Incline
- Dark
- Smells
- ▲ Calming
- Quiet
